

RAVENOL Türschloß-Enteiser

RAVENOL Türschloß Enteiser is a very effective door lock de-icer with built-in rust and corrosion protection properties. Quickly thaws frozen door locks, protects against new ice formation and thin lubricating film to free up stiff locks and for longer term corrosion protection.

Application Notes

RAVENOL Türschloß Enteiser is available in a handy 50 ml bottle fitted with a narrow tip to easily introduce the product into the frozen door lock, where it quickly works to thaw out and free the mechanism. Effective for use in the car, in the home or wherever frozen locks occur, repeat the application once the lock has thawed and is working freely to provide longer term protection.

Characteristic

Ingredients:

Ethanol, glycol, surfactants, fragrances and dyes.

UN 1987

Caution:
